PROFESSIONAL SUMMARY

Detail-oriented Frontend Developer with hands-on experience building responsive and accessible web applications using HTML, CSS, JavaScript, and modern frameworks like React.js and Next.js. Proven ability to translate UI/UX design wireframes into clean, maintainable code while ensuring seamless user experiences across devices. Strong collaboration skills working with designers and backend developers, with experience in Git-based collaborative development practices. Passionate about delivering high-quality user interfaces and staying current with frontend technologies.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS, JavaScript (ES6+), TypeScript
 - **Frameworks/Libraries:** React.js, [Next.js](#), Vue.js, Tailwind CSS
 - **Design & Development:** UI/UX Principles, Responsive Design, Cross-browser Compatibility
 - **Others:** Git, GitHub, Agile/Scrum, API Integration, Component-Based Architecture, AI Integration
-

PROFESSIONAL EXPERIENCE

Frontend Developer

Astra • London, United Kingdom • Remote

June 2025 – Dec 2025

- Integrated Thirdweb SDK to enable blockchain-based transactions, allowing users to mint generative AI-powered designs as NFTs securely on-chain.
- Designed and implemented a real-time chat system with support for chat-based payments (Chat pay) into escrows, enabling seamless in-conversation financial transactions.
- Built and maintained production-ready, responsive web applications using Next.js, and Tailwind CSS, ensuring scalability, performance, and maintainability.
- Integrated REST API endpoints provided by the backend team, while leveraging Postman for API testing, debugging, and request/response validation.
- Collaborated closely with backend developers to troubleshoot integration issues, resolve request/response mismatches, and optimize data flow and state management.
- Ensured pixel-perfect implementation of Figma/UX designs with a focus on cross-browser compatibility, accessibility, and mobile responsiveness.
- Applied best practices in code structuring, version control (Git), and deployment pipelines, ensuring smooth project delivery and maintainability.

Frontend Developer (Part-Time)

Prep Beta Solutions • Lagos (Remote)

Jan 2024 – March 2025

- Built and launched a fully responsive landing page, ensuring seamless user experience across desktop and mobile devices.
 - Participated in code reviews, contributing constructive feedback to improve code quality and maintain team standards.
 - Collaborated closely with designers to translate Figma mockups into pixel-perfect, production-ready code.
 - Integrated RESTful APIs to connect frontend with backend services, optimizing data handling and user interactions.
-

EDUCATION

Diploma in Frontend Engineering
Altschool Africa, Lagos • 2022 – 2023
