---

## PROFESSIONAL EXPERIENCE

Freelance Frontend Developer
*Remote / Surulere, Lagos • Nov 2023 – Present*

- Collaborated with 2 designers to ensure pixel-perfect design implementation and implemented a seamless user journey across mobile and desktop versions.
- Optimized app performance, reducing load time by 25% through refactoring code and minimizing API calls.
- Translated Figma/Adobe XD UI designs into clean, reusable components while ensuring cross-browser compatibility and responsive design across devices.
- Integrated RESTful APIs and handled asynchronous operations with Axios and Fetch API for dynamic data rendering.

Frontend Instructor (Part-Time)
*Tiffany Berth School • Jan 2023 – Oct 2023*

- Taught 13 students front-end development fundamentals (HTML, CSS, JavaScript) to beginner-level students.
- Provided tailored feedback and troubleshooting support, leading to an improvement in student project quality within 3 months.

Frontend Developer (Student: Capstone Projects)
*Altschool Africa • Apr 2022 – Jun 2023*

- Achieved 1st place while working with a 6-person team to develop Redactr, a hackathon-winning text-masking tool built using JavaScript and Regex;  achieved 1st place.
- Developed Scissor, a URL shortener app using TypeScript, Firebase, and Bit.ly API to create customized and trackable links.

---
